

## Meet our new Program Coordinator: Nina Versteeg

My name is Nina Versteeg and I have just joined the MCEC team as Program Coordinator. Before this, I used to work at the Faculty of Humanities of Utrecht University, where I did a PhD in Psycholinguistics and worked as a lecturer and research coordinator.

I live together with my husband and two sons of 7 and 9 years old. Since I have started at MCEC, I'm trying to enthuse my sons about multiscale catalytic energy conversion. However, so far they still prefer to become professional soccer players...

I am very enthusiastic about joining the MCEC team. I already got the chance to meet the research groups in Utrecht and Enschede. Thank you all for being so welcoming, I have experienced a strong feel of community during my visits. I look forward to visiting Eindhoven in March! If you have any questions, feel free to contact me at [science.mcecoffice@uu.nl](mailto:science.mcecoffice@uu.nl).
